To all Industry Professionals:

Students Empowered, Inc. wishes to formally invite you to be a professional development and/or career education presenter for our current cycle students. Workshops will take place on the Westside of Chicago in the Austin Community at Circle Urban Ministries, 118 N. Central Ave., 60644.

Students Empowered (SEI) is the PREMIER faith-based organization that assists high school students with developing and implementing a measurable life & career plan in the Chicagoland area. We use biblical principles to facilitate the successful formation of high school students into adulthood by providing programs that holistically empowers them to overcome the obstacles for success within their communities in the areas of: Academic Enrichment, Career and Professional Development, and Personal Enrichment (Life Skills). We are excited to begin our second year of programming in September 2009, serving a total of twelve students.

We are soliciting individuals to submit presentation proposals that covers a variety of professional development and/or career education topics. If you have expertise in any of the areas listed below, we need to hear from you! Please consider sharing your knowledge in a creative approach with students that are seeking to solidify their career choices.

Our preference is that we can work with you to prepare a 3-4 week workshop series on your topic of interest. Workshops have to be very interactive and include a hands-on learning approach for the students. However, where series are not an option, we are open to allowing you to present a 90-minute interactive workshop. Presenters will need to be available on Saturdays, between the hours of 1-5pm (the actual time of presenting is flexible during those hours).

Please email us at info@studentsempowered.org to receive the Presenters Package documentation, which clearly states the benefits, and submission process. You may submit multiple presentation proposals.

We are looking forward to hearing from you concerning this opportunity to contribute to the lives of our students. We appreciate your continued support.

Thank you for your time and consideration,

Lahesha Williams, Founder
